Hon. Moses Wogbeh  
Managing Director  
Forestry Development Authority  
Monrovia, Liberia

Dear Hon. Wogbeh:

*Reference: Private Use Permits*

The Sustainable Development Institute (SDI) writes to request clarification about a list of PUPs that have come to our attention. In the table below we have listed those PUPs and asked very objective questions requiring only ‘Yes’ or ‘No’ responses followed by a column for additional comments, if any. Grateful if the FDA could provide some clarification and information about each of them by responding to the questions in the attached table.

We look forward to hearing from you. Thanking you for your usual cooperation.

Sincerely yours,

Jonathan W. Yiah  
Coordinator
