Key documents

Announcing the results of “the report on the capacity building needs assessment”

The research team received 31 responses to the survey from the organizations comprising non-governmental organizations, state social organizations, and other organizations that participated in the survey via online form. Initial results have shown that most organizations whose human resources diversified in different fields but received inadequate funding, need to receive further information about EVFTA. The report proposes measures for organizing 3 training courses and 7 experience sharing talks in the period of 2020 – 2023.
